The Publication Challenge 2013

Do you have material ready for a publication but can't find the time to write it up?

Do you want to aim higher when publishing your latest work?

Do you want to aim for top leading academic journals?

JOIN now and be ready to submit your paper by the end of February 2014

- Peer to peer support & deadlines – get it done!
- Tips from Science Editor Ian Osborne
- Q&A forum with academics who have published in top journals

Open to academic staff in Science & Engineering Faculties

(May be appropriate to some Post Docs & Senior PhD students who have material ready for publication, on approval from supervisor)
