## Kennedy Scholarships – Academic Year 2015 – 16

Taking British graduates to  
Harvard University & the Massachusetts Institute of Technology

On behalf of the trustees, I am delighted to enclose information about the Kennedy Scholarships for 2015-16 which offer generous funding to enable British graduates who are also British citizens to undertake further study in the USA at Harvard or MIT. They are tenable across all disciplines and for non-degree as well as degree study.

**50<sup>th</sup> anniversary:** Kennedy Scholarships will have been awarded for 50 years in 2016. At 1<sup>st</sup> September 2014, 496 Scholars will have received full fee-support and a generous stipend.

**Wider eligibility criteria:** In recognition of the approaching anniversary, the trustees of the Kennedy Memorial Trust have reviewed the eligibility criteria. Whilst still wishing to enable the newly-graduated to study at Harvard or MIT immediately, they also wish to enable those who have gained experience outside academia since graduating to benefit. *The cut-off for graduation from a first degree is therefore now 2010 and 2 of the 7 academic years prior to 01.09.2015 must have been spent at a UK university or university college.*

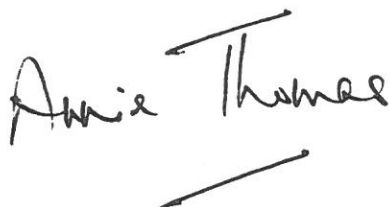

**Importance of personal encouragement to apply:** Whilst using a variety of avenues for publicity, it remains the case that personal encouragement by an academic yields the strongest applicants. A scholar from the '70s commented that he applied because his Vice-Chancellor specifically encouraged him to.

**Apply online:** It is easy to apply at [www.kennedytrust.org.uk](http://www.kennedytrust.org.uk) where the Prospectus gives full information.

**Application window:** Applications for awards for 2015-16 will open on Monday 18th August and close at 23.59 on Wednesday 29th October 2014.

**Publicity Materials:** The poster and prospectus for the current application season can be emailed on request to [annie@kennedytrust.org.uk](mailto:annie@kennedytrust.org.uk)

**Distinguished alumni:** The role of past Kennedy Scholars is impressive and varied. Please help us to continue to attract applications from those who will be leaders in their field.

# KENNEDY SCHOLARSHIPS

## 2015 - 2016

for postgraduate study at **Harvard University** and  
the **Massachusetts Institute of Technology**

Open to: British citizens ordinarily resident in the UK who will have graduated by the time of taking up an award and will have spent at least two of the seven academic years prior to 1st September 2015 studying at a university in the UK.

### Available for Graduate Programmes:

- Special Student/non-degree
- Master's
- PhD

### *Award offers:*

*Full fees & health insurance*

*Tax free stipend of \$25,500*

*Generous contribution towards flights*

*Additional travel grant of \$2,500*

*Opportunity to be part of a Scholarship*

*Programme valued by the Kennedy*

*family and with distinguished alumni in  
leading positions*

**CLOSING DATE 29<sup>th</sup> OCTOBER 2014**

The Kennedy Memorial Trust maintains the UK's memorial to President John Kennedy, seeking to perpetuate the memory of his outlook and achievements. Kennedy Scholarships constitute a living memorial, in addition to the memorial in landscape and stone at Runnymede, Surrey.

*The British National Memorial to  
President Kennedy*

# KENNEDY SCHOLARSHIPS

## AT HARVARD UNIVERSITY

## AND THE MASSACHUSETTS INSTITUTE OF TECHNOLOGY

In 1965 a Fund was set up in the United Kingdom by public subscription to commemorate President John F. Kennedy. A Memorial was created at Runnymede in perpetuity; and it was resolved that Scholarships to the United States should be offered every year to British Citizens who are United Kingdom graduates. The Scholarships are tenable at Harvard or the Massachusetts Institute of Technology.

As the 50th anniversary of the Memorial Trust approaches, the Trustees want to expand the Scholarships to include not only recent graduates but also some who have gained a few years of experience outside academia and would now benefit from a course of study at Harvard or MIT. All candidates would be selected according to the criteria outlined in paragraph 5 below.

More generally, the Trustees are particularly keen to encourage more applications from artists, musicians, scientists and engineers. The broad context of Kennedy Scholarships remains President Kennedy's interest in bringing into fruitful combination the two great disciplines of traditional humane studies and modern technology and so making their strength effective in the activities of government and in the direction of world affairs.

### PROSPECTUS FOR 2015 – 2016

1. Kennedy Scholarships will be awarded for the academic year 2015-2016 at Harvard University and MIT. A Kennedy Scholarship gives full funding (see paragraph 7 below) for one academic year. Students who are applying for two-year Master's or PhD programmes will normally secure the necessary funding for second or subsequent years within their institution.
2. Candidates must, in the same application season as applying for a Kennedy Scholarship, make a separate and independent application for admission direct to their chosen programme at Harvard and/or MIT. See [www.harvard.edu](http://www.harvard.edu) and [www.mit.edu](http://www.mit.edu). A Kennedy Scholarship provides funding but does not carry automatic admission to Harvard or MIT, nor is it associated with particular programmes. It will support degree and non-degree students. Potential Harvard GSAS Special Student or Visiting Fellow applicants should consult the following list for eligible programmes of study  
[http://www.gsas.harvard.edu/programs\\_of\\_study/non\\_degree\\_programs\\_of\\_study.php](http://www.gsas.harvard.edu/programs_of_study/non_degree_programs_of_study.php)
3. Those applying for awards must be **all** of the following:
  - British citizens at the time of application;
  - ordinarily resident in the UK;
  - wholly or mainly educated in the UK.

Applications cannot be accepted from those already in the United States.

Marriage is not a bar to the award of a Scholarship, but there is no extra funding for a spouse.

4. All applicants must have studied at a UK University or University College. In addition, they may be:
  - studying for a first degree and due to graduate in the academic year 2014-2015;
  - studying for a higher degree and due to graduate in the academic year 2014-2015;
  - a graduate of a UK university or university college who has completed a first degree not earlier than 2010 and who has spent 2 of the 7 academic years prior to 01.09.2015 at a UK university or university college.

Awards will not be made to postdoctoral candidates wishing to pursue further research in their own field.

5. In awarding Scholarships, the Trustees will take into account candidates' intellectual attainment, readiness and ability to express themselves, and the suitability of their proposed course of study at Harvard or MIT.

They may also look for:

- originality of mind;
- commitment to public service;
- potential to make a mark in public life;
- ability to overcome adversity.

It should be noted that Kennedy Scholars typically have a First Class degree.

### *Conditions*

6. Scholars will be required to devote most of their time to one of the faculties of the university to which they are admitted. They may be registered on a degree programme or as non-degree or Special Students.
7. A Kennedy Scholarship covers full tuition & health insurance fees, paid direct to the institution concerned. In addition, Scholars will receive a stipend of \$25,500 to cover living costs, any special equipment needed, and some travel within the United States. Scholars are expected to spend part of their summer vacation in the United States after the end of the academic year and may apply for an additional grant of \$2,500 to pay for vacation travel. A substantial contribution will be made towards the cost of a return transatlantic flight.
8. Awards are made in the expectation that Scholars will bring the benefits of their American experience back to the United Kingdom.

### *Applications*

9. Applications are to be made online at [www.kennedytrust.org.uk](http://www.kennedytrust.org.uk)
10. In addition to completing an online form, applicants will be asked to submit an essay (which MUST NOT exceed 1,000 words) giving an account of their academic pursuits, general activities and intellectual interests, plus their reasons for wishing to study in the United States, choice of course and institution and plans for the future.
11. The closing date for applications will be 23.59 on Wednesday 29th October 2014.

### *References*

12. Applicants will be asked to give the names and professional email addresses of two referees. The first should have supervised some aspect of the applicant's academic work at university. The second *may* be non-academic but should be familiar with the applicant's performance at university and afterwards.
13. Both references must be submitted online by 23.59 on Wednesday 5th November for the application to be accepted. Referees will be contacted automatically once the applicant has submitted an application.

### *Interviews and Selection*

14. Selected applicants will be invited to London for interview on either Tuesday 6th or Wednesday 7th January 2015. Interview candidates should ensure they attend in person in London on the date requested. A birth certificate or other nationality papers will be required at this time. Those awarded Scholarships will be asked to provide a medical certificate.
15. Candidates selected to receive Scholarships will be notified by the end of January but confirmation of the award cannot be made until May, when admission to Harvard or MIT has been secured.
16. Please note that it is not possible for the Trustees to provide candidates with comments on unsuccessful applications at any stage of the process.
