PH359 Resit Alternative Assessment August 2020

Here you will find the links to the resit alternative assessment for PH359. The assessment will be available from 11am 5th August 2020 until 11am 6th August 2020. There are two versions of the assessment: the online version that is completed within MyPlace; and the paper version that is available to download from here. Use the paper version only if you do not have access to the online version. If you have to use the paper version, you need to upload the document with your answers to the link provided below.

Provide numerical answers to two significant figures. For example:  
 $8.8526 \times 10^{-12} \approx 8.9 \times 10^{-12}$  to 2 significant figures;  
 $-3.14159 \approx -3.1$  to 2 significant figures  
You can enter numerical answers in the online version in the following format:  
1243.3 can be entered as 1.2e3 to 2 significant figures  
0.0326 can be entered as 3.3e-2 to 2 significant figures

By sitting this paper you confirm that the work is your own and has not been done in collaboration with anyone else. The Department reserves the right to hold an oral exam in any case where we suspect, or are made aware of, any academic dishonesty. If academic dishonesty is found to have taken place, the Department will take appropriate disciplinary action.

Hidden from students

This section is visible to students now

Define # significant figures and method of entry into numerical answer boxes

Use of 'Timing' & 'Restricted Access' (next page) when editing the Quiz, File etc, will hide from students until the Assessment period. Also remember pdf version of Quiz and the upload tool by adding an 'Assignment' via the 'Add and activity...' tab.

Include the usual Equation Sheet(s) and Physical Constants as part of the assessment material. These can be visible before the assessment.
