Comprehensive references given?		Scientific style/quality of writing	<i>Is the presentation clear and comprehensive?</i> <i>Is the scientific style appropriate?</i> <i>Are both the grammar and spelling correct?</i>	Presentation of work/results	<i>Do the figures and tables (if present) help with the understanding of explanations?</i> <i>Are labels and captions appropriate, correct and sufficient?</i>	Comprehensiveness and use of references	<i>Are sufficient, relevant, and appropriate references listed and cited correctly?</i> <i>Are the scientific references based mainly on primary sources?</i>	<b>Justification</b>							
<b>Structure and Detail</b>	<b>Mark/100</b>																		
Overall: Is the presentation and style effective? Comprehensive references given?																			
Scientific style/quality of writing	<i>Is the presentation clear and comprehensive?</i> <i>Is the scientific style appropriate?</i> <i>Are both the grammar and spelling correct?</i>																		
Presentation of work/results	<i>Do the figures and tables (if present) help with the understanding of explanations?</i> <i>Are labels and captions appropriate, correct and sufficient?</i>																		
Comprehensiveness and use of references	<i>Are sufficient, relevant, and appropriate references listed and cited correctly?</i> <i>Are the scientific references based mainly on primary sources?</i>																		
<b>Justification</b>																			
<table border="1"> <tr> <td><b>Content</b></td> <td><b>Mark/100</b></td> </tr> <tr> <td colspan="2">Overall: Does the report present a coherent review of the project topic?</td> </tr> <tr> <td>Explanation, context and relationship to project background</td> <td> <i>Does the report effectively demonstrate:</i> <ul style="list-style-type: none"> <li><i>Awareness of the research area background and current state-of-the-art?</i></li> <li><i>Critical understanding of the project and its background?</i></li> <li><i>Clear motivation for the project</i></li> </ul> </td> </tr> <tr> <td>Explanation of methods</td> <td><i>Does the report demonstrate an understanding of the techniques used in the project?</i></td> </tr> <tr> <td>Scientific level</td> <td><i>Is the subject treated in appropriate depth?</i></td> </tr> <tr> <td>Application of Knowledge</td> <td> <i>Does the report:</i> <ul style="list-style-type: none"> <li><i>Review and consolidate knowledge, skills and practices?</i></li> <li><i>Demonstrate the application of knowledge to existing work?</i></li> <li><i>Apply appropriate methods and techniques to the analysis and interpretation of the work?</i></li> </ul> </td> </tr> <tr> <td>Project Plan</td> <td><i>Is a concise and well-thought out project plan presented?</i></td> </tr> <tr> <td>Summary/Conclusion</td> <td><i>Is there an appropriate section that provides a summary of the report contents?</i></td> </tr> <tr> <td colspan="2"><b>Justification</b></td> </tr> </table>		<b>Content</b>	<b>Mark/100</b>	Overall: Does the report present a coherent review of the project topic?		Explanation, context and relationship to project background	<i>Does the report effectively demonstrate:</i> <ul style="list-style-type: none"> <li><i>Awareness of the research area background and current state-of-the-art?</i></li> <li><i>Critical understanding of the project and its background?</i></li> <li><i>Clear motivation for the project</i></li> </ul>	Explanation of methods	<i>Does the report demonstrate an understanding of the techniques used in the project?</i>	Scientific level	<i>Is the subject treated in appropriate depth?</i>	Application of Knowledge	<i>Does the report:</i> <ul style="list-style-type: none"> <li><i>Review and consolidate knowledge, skills and practices?</i></li> <li><i>Demonstrate the application of knowledge to existing work?</i></li> <li><i>Apply appropriate methods and techniques to the analysis and interpretation of the work?</i></li> </ul>	Project Plan	<i>Is a concise and well-thought out project plan presented?</i>	Summary/Conclusion	<i>Is there an appropriate section that provides a summary of the report contents?</i>	<b>Justification</b>	
<b>Content</b>	<b>Mark/100</b>																		
Overall: Does the report present a coherent review of the project topic?																			
Explanation, context and relationship to project background	<i>Does the report effectively demonstrate:</i> <ul style="list-style-type: none"> <li><i>Awareness of the research area background and current state-of-the-art?</i></li> <li><i>Critical understanding of the project and its background?</i></li> <li><i>Clear motivation for the project</i></li> </ul>																		
Explanation of methods	<i>Does the report demonstrate an understanding of the techniques used in the project?</i>																		
Scientific level	<i>Is the subject treated in appropriate depth?</i>																		
Application of Knowledge	<i>Does the report:</i> <ul style="list-style-type: none"> <li><i>Review and consolidate knowledge, skills and practices?</i></li> <li><i>Demonstrate the application of knowledge to existing work?</i></li> <li><i>Apply appropriate methods and techniques to the analysis and interpretation of the work?</i></li> </ul>																		
Project Plan	<i>Is a concise and well-thought out project plan presented?</i>																		
Summary/Conclusion	<i>Is there an appropriate section that provides a summary of the report contents?</i>																		
<b>Justification</b>
