

John Anderson Sustainability update

Sustainable Labs

There are lab benches in Glasgow University that are in perfect condition if you are interested. First come first served basis. Please contact john.gillan@strath.ac.uk.

Sustainable Labs

The university currently has some funding towards new equipment if its meet certain requirements e.g. energy or water saving. If you are interested please contact john.gillan@strath.ac.uk.

3D printing waste

The department is looking to provide a central waste uplift for 3D printing materials from JA501. If you have any 3D printing waste, please contact john.gillan@strath.ac.uk with details.

Redundant equipment

If you have unwanted equipment that's just taking up space and would like to sell on. Please contact john.gillan@strath.ac.uk.
