

# Infrastructure Newsletter

## Update

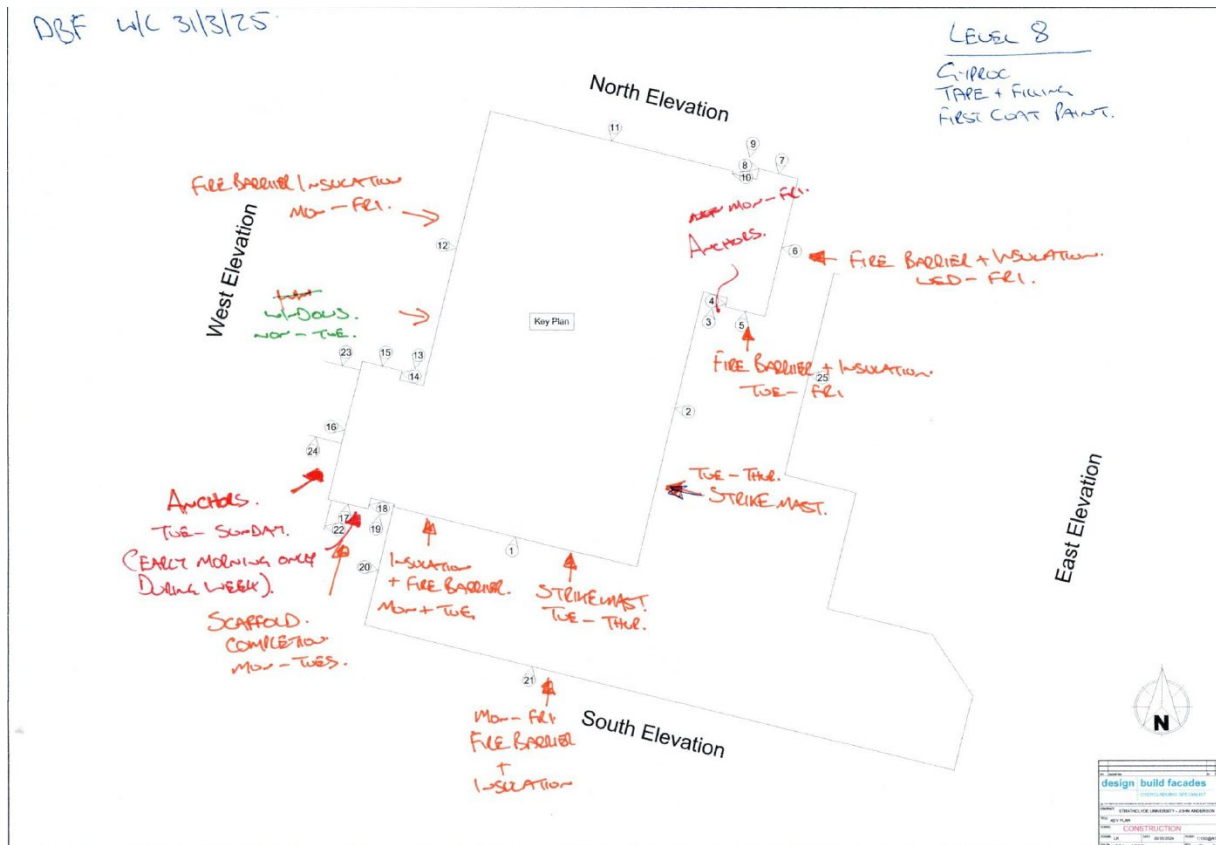

### Cladding works

Below is a rough reschedule of the works for this week.

- See map below

**W/C 31/03/25 – 06/04/25**

- Elevation 1 (South), Insulation and Fire barrier
- Elevation 2 (East), Insulation and Fire barrier
- North tower, Anchors (Drilling), Insulation and Fire barrier
- Elevation 12, Windows, Insulation and Fire barrier
- South Tower, Anchors (Drilling) Scaffolding completion on South side.
- Elevation 21 (Levels 1-3), Insulation and Fire barrier

## Internal works

Level 7 should be vacated by Wednesday 3<sup>rd</sup> April apart from the teaching in JA713 and JA715. Due to the works everyone will be vacating their space for approximately 10 weeks.

Level 6 should schedule for the last week in April. Further details on how we are going to arrange Photophysics labs will be sent out soon.

As before, all office furniture will be moved into storage and crates will be provided. Contractors can pack your items for you. Filings cabinets can be left full.

## Room relocation

Head of Department has moved to JA624

Reception/deliveries has moved to JA409

IT Support and the photocopiers have moved to JA413

My office (Technical Support and Safety Manager) has moved to JA600

The following rooms are available for hot desking,

- JA615, JA630 (kitchen area previously JA600)
- JA412, teaching lab

Proposed room for Vivas or marking, JA208 which will be bookable through SharePoint or ULab (see Admin)
