

Its more than just MATLAB!

It's the People. It's the Products. It's the Culture...

University of Strathclyde

Wednesday 2nd March 2016

Location Royal College R641

2:30pm – 3:30pm – with networking 3:30 to 4:30pm

**Open to all Undergraduates, Postgraduates , Researchers
and Staff**

Join engineers and manager from the MathWorks Glasgow Office as they provide insight into the latest software tools including custom toolboxes for communications, image and video processing and FPGA targeting features of the MATLAB and Simulink product. The event will also outline our current openings for internships and full time positions. MathWorks is the market leader in engineering software tools for design and analysis and has more than 3000 employees worldwide.
