

## READY FOR YOUR R&D CHALLENGE?

### 2015 P&G European PhD Seminar

You will experience the innovative world of our R&D organisation and practise the technical skills needed to be successful. You will do this first hand via a series of exercises and case studies working with other international students and trainers from P&G.

You will also visit one of our European Innovation Centres and have ample opportunity to meet and talk with our scientists and engineers.

Accommodation, meals, and travel to and from the seminar are paid by P&G.

During the seminar you will be able to practise:

- Applying technical knowledge to solve real problems
- Making difficult and tough decisions
- Setting priorities
- Communicating ideas
- Motivating people and teams
- Working as part of a team

**The Seminar will be in Brussels Innovation Centre from Monday 20th April to Thursday 23rd April 2015.**

The seminar is open to PhD Science (Natural / Life or Physical) or Engineering (not IT) students, who will graduate by December 2014 at the earliest.

#### Application process:

**Step 1:** Complete online application by **9<sup>th</sup> November**. This will take ~1 hour and you will need to submit a copy of your CV. For application guidance, please visit [https://pg.sitebase.net/pg\\_images/taleo/our\\_hiring\\_process/](https://pg.sitebase.net/pg_images/taleo/our_hiring_process/)
