

# CAREERS IN QUANTUM

28TH OF OCTOBER • 2:00PM - 5:30PM

## Event Details

During this event, you will have the opportunity to hear from experts in the field of quantum, giving career and skills advice. After these talks, you will have the exciting opportunity to be able to network with them directly!

From academia to industry the field of quantum technologies is highly collaborative as we enter the second quantum revolution. Considering a career in quantum technologies is not just for physicists – come and see how your expertise can be useful! Whether you are looking for your ideal job, to enhance your skillset or to find out more about opportunities in quantum, this event has got you covered!

## Organiser Details

This event is brought to you by QURECA (Quantum Resources and Careers) and the Institute of Physics Quantum Optics, Quantum Information and Quantum Control Group (IOPQQQ).

QURECA is the first global training and recruitment platform to develop the quantum workforce. In 2019, the Royal Society described QURECA Ltd. as the company that “fills the gaps in the existing quantum community, creating a society ready for quantum through a common language.”

The IOPQQQ is a special interest group within the IOP. This group cover a broad spectrum of topics that include: metrology, standards, information theory, quantum technologies, foundations of quantum physics and more!

## Agenda

---

Welcome Session: 2:00pm - 2:10pm

---

---

Keynote Speaker(s): 2:10pm - 2:50pm

---

---

Companies Talks: 2:50pm - 3:40pm

---

---

Break: 3:40pm - 3:45pm

---

---

Skills Talk and Q&A : 3:45pm - 4:30pm

---

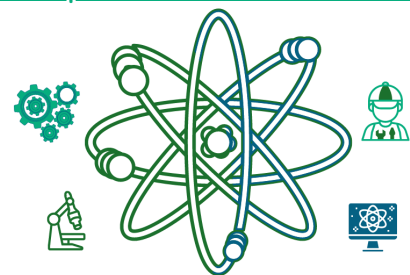

---

Speed 1:1 Networking: 4:30pm - 5:30pm

---
