# **List of Exhibitors 2020**

## **Amazon**

[www.amazon.jobs/en/business\\_categories/student-programs](http://www.amazon.jobs/en/business_categories/student-programs)

**Exhibiting: Tuesday 10<sup>th</sup> November – PM Session**

All Amazon teams and businesses, from Prime delivery to Amazon Web Services, are guided by four key tenets: customer obsession rather than competitor focus, passion for invention, commitment to operational excellence, and long-term thinking. We are driven by the excitement of building technologies, inventing products, and providing services that transform the way our customers live their lives and run their businesses. What unites Amazonians across teams and geographies is that we are all striving to delight our customers and make their lives easier. The scope and scale of our mission drives us to seek diverse perspectives, be resourceful, and navigate through ambiguity. Inventing and delivering things that were never thought possible isn't easy, but we embrace this challenge every day.

## **BAE Systems**

[www.baesystems.com](http://www.baesystems.com)

**Exhibiting: Wednesday 11<sup>th</sup> November – AM Session**

At BAE Systems, our advanced defence technology protects people and national security, and keeps critical information and infrastructure secure. We search for new ways to provide our customers with a competitive edge across the air, maritime, land and cyber domains. We employ a skilled workforce of 87,800 people in more than 40 countries, and work closely with local partners to support economic development by transferring knowledge, skills and technology.

## **Barclays**

<https://joinus.barclays>

**Exhibiting: Wednesday 11<sup>th</sup> November – AM Session**

With over 325 years of history and expertise in banking, Barclays operates in over 40 countries and employs approximately 83,500 people. Barclays moves, lends, invests and protects money for customers and clients worldwide.

Barclays was the first bank to appoint a female bank manager, introduce ATMs, and launch credit cards and contactless payment. From the products and services they develop to the partnerships they build, they seek to improve lives and drive growth that benefits everyone.

Those joining can expect immediate responsibility. Collective challenges and inspiring collaborations will expand their minds, while ongoing training will turn fledgling ideas into ground-breaking concepts, providing the expertise that drives the bank and profession as a whole.

Barclays offers a wealth of opportunities for students from all degree disciplines. All they need is a commercial outlook, curious nature, and the ambition to help Barclays become the best bank it can be. In a positive, supportive environment, graduates will have the freedom to create smarter solutions every day.

Because with us, there's more to discover. There's more to become.

## CCL Technology

[www.ccl-logistics.com](http://www.ccl-logistics.com)

### Exhibiting: Tuesday 10<sup>th</sup> November – PM Session

CCL Technology, the software engineering arm of the CCL Group ([www.ccl-logistics.com](http://www.ccl-logistics.com)), builds and runs a SaaS product providing seamless logistics integration across customers and suppliers. We pride ourselves in providing one of the most sophisticated, customer-focused offerings in the sector.

We operate a multi-skilled team including software developers, QA, cyber security, architects, database specialists, product managers and more. We invest in automation, ensuring that our engineers are free to spend their time tackling the next problem, not tied up with mundane tasks. We use Agile methodologies to organise and run everything we do, and we empower everyone within the organisation to help form the vision.

Come and speak to us about how you could help us shape the future of this exciting sector

## CGI IT UK Limited

<https://cgi-group.co.uk>

### Exhibiting: Wednesday 11<sup>th</sup> November – PM Session

BE PART OF OUR STORY.

You might not have heard about us, but as one of the leading IT names in the business we've got some outstanding and rewarding career opportunities right here for you.

We're looking for the UK's most driven and passionate people. If you like the sound of helping to drive some really exciting IT projects such as securing Europe's major satellites and winning multi-million pound contracts, then CGI is for you.

## Exterity

[www.terity.com/](http://www.terity.com/)

### Exhibiting: Tuesday 10<sup>th</sup> November – PM Session

Exterity is a market leading provider of IP video and digital signage technologies that help organisations to harness the power of video to communicate, educate and entertain. Our end-to-end solutions enable our customers to capture TV and video content directly from any source and manage its delivery, as channels or within digital signage screens, to any connected device via an existing network. From corporate, finance and education, to hospitality, remote facilities, stadiums and healthcare, Exterity has global expertise in delivering complex, proAV solutions.

## GE Digital

[www.ge.com/digital/](http://www.ge.com/digital/)

### Exhibiting: Wednesday 11<sup>th</sup> November – PM Session

At GE Digital we're transforming how industry solves its toughest challenges. As part of GE, we have a unique opportunity to change the way industry works.

Our customers are on the front line of the world's toughest industrial challenges – from enabling more renewable energy on the grid, to reducing emissions, increasing plant productivity, adapting to demand and keeping their teams safe. Our years of hard-won insights in power generation, utilities, oil & gas, and manufacturing mean we're uniquely positioned to help our customers better operate, optimize and analyze their work to deliver greater results today – and in the future.

## Maru Hub

[www.maruhub.com](http://www.maruhub.com)

### Exhibiting: Tuesday 10<sup>th</sup> November – AM Session

Maru/HUB automatically brings together multiple data streams in a single ecosystem in real-time. This allows you to instantly analyse behavioural, transactional and attitudinal information to deliver insights at speed.

Our modular platform-approach allows teams to constantly innovate, expanding research projects without impacting performance. It's designed for all users – from researchers to marketers - so businesses can react to changing customer needs quickly by making confident business decisions.

Already processing tens of millions of surveys per year, Maru/HUB is fully scalable and can effectively manage ad-hoc studies to global trackers.

## MathWorks

[www.mathworks.com/](http://www.mathworks.com/)

### Exhibiting: Tuesday 10<sup>th</sup> November – AM Session

*Accelerating the pace of engineering and science*

MathWorks is the leading developer of mathematical computing software for engineers and scientists. Engineers and scientists worldwide rely on our products to accelerate the pace of discovery, innovation, and development. Our software is used to design, simulate, and test many of the products we rely on every day - the car you drive, the plane you'll fly on for your next big trip, the smartphone you can't live without, even your washing machine! Engineers and scientists use our tools to develop breakthroughs in transforming the way we live, learn, and work: the rockets that may someday take you into space, advanced robotic prosthetics, autonomous robots, and wave farms that harness the power of ocean waves to generate clean energy.

MathWorks created MATLAB and Simulink to help engineers and scientists do their best work.

## NatWest Group

<https://jobs.natwestgroup.com/pages/early-careers>

**Exhibiting: Wednesday 11<sup>th</sup> November – PM Session**

From our headquarters in Edinburgh, NatWest Group serves over 19 million customers.

We take our place in the world seriously, and believe we only succeed when our customers, our communities and the economies we're a part of succeed as well. This belief is at the root of our purpose: to champion potential; helping people, families and business to thrive.

Your potential comes first. Our Graduate and Intern programmes give you structured and supported learning so you can build a career you'll love. We help our people to thrive by promising a fulfilling role, fair pay, excellent training and great leadership.

## Network Rail

[www.networkrail.co.uk/careers/early-careers/](http://www.networkrail.co.uk/careers/early-careers/)
