Forum of University Societies Event (FUSE)

What are physics & related societies doing to mitigate the effects of COVID-19?
What events have been successful, what lessons and methods stand out?
Join the IOP's annual society forum to innovate new ideas and connect with societies.

The Forum of University Societies Event (FUSE) is an annual event bringing together committees from IOP affiliated university societies to network, share their activities and generate new ideas. FUSE connects societies with each other to promote collaboration, present their work and pool learning.

Date: Saturday 28 November

Time: 10:30am-12:30pm
