

Departmental Health and Safety Bulletin

Safety Training

The next departmental building safety induction which covers the S27 form – OHS Induction Part 2 will be held on Zoom on the 16th February 2022 at 1pm. If you're a new member of staff or have not attended the course in the last 3 years please complete Part 1 of the Safety Induction by following the link to the Health and Safety training, <https://www.strath.ac.uk/safety/services/healthsafetytraining/>. If you have not completed the following core safety courses in the last 3 years, please complete within 3 months.

Compressed Gas Safety Awareness (Online)

Manual Handling On-Line Awareness - Registration

Principles and Practice of Risk Assessment (Online)

Stress Awareness (Online)

Please note that the following courses are from External Providers

- Display Screen Equipment, Manual Handling, Stress Awareness

Once registered you will be sent an email from the External Provider giving you a link to the course, this can take **up to 5 days** to receive this email. **If you have not received an email within two weeks of registering, please contact Safety, Health and Wellbeing by email to safety.training@strath.ac.uk**. Please note that the link to the course will be sent in a separate email from the booking confirmation email.

My Place Courses

The following courses are self-enrolment on My Place

- OHS Induction Part 1
- Principles and Practice of Risk Assessment
- Biological Module 1-3

General

- If you have any health, disability, safety concerns or require additional support please contact us at safety@phys.strath.ac.uk
- DSEAR assessments are now required for ANY gas cylinders (not just flammable). An updated amendment has been put onto the OHSW website.
