

Dear Delegate,

We are delighted to officially announce the **43<sup>rd</sup> WOCSDICE - Workshop on Compound Semiconductor Devices and Integrated Circuits held in Europe** that will take place from **17-19 June 2019** at the Grand Hotel in Cabourg, France. Cabourg is a seaside resort near Deauville in Normandy Northern France with Marcel Proust's Belle Epoque memories. It can be reached within 2 hours from Paris.

Representing an important opportunity to acquire new knowledge as well as to exchange ideas on state-of-the-art research and the latest advancements on devices based on compound materials, the topics to be addressed at this conference include.

- **Compound semiconductor-based devices including Wide Bandgap semiconductors**
- **Two-dimensional layered (2D) and Graphene Devices and their materials**
- **Device modelling**
- **Device process and characterization**
- **Applications of devices and structures**
- **High-frequency device aspects**
- **Reliability and packaging**
- **Novel device and circuit concepts**

---

#### **IMPORTANT DATES**

*Short Abstract Submission Deadline:* **8 March 2019**

*Notification of acceptance:* **28 March 2019**

*Early Registration (reduced fees) Deadline:* **15 April 2019**

*Extended abstract submission deadline:* **26 April 2019**

---

More information can be found in the following website that is continuously updated:

<https://wocsdice2019.sciencesconf.org/>

Kindly broadcast this event in your Institution and to your fellow colleagues and students, as well as everyone you think might be interested in attending or contributing paper submissions to the conference.

We are looking forward to welcome you all to the beautiful city of Cabourg next June !

With our best regards

*Farid MEDJDOUB* (WOCSDICE Chair) [farid.medjdoub@univ-lille.fr]

*WOCSDICE International Steering Committee*
