

Welcome to the University
of Strathclyde!!!

<http://www.phys.strath.ac.uk/>

Physics Career Event

Programme

- 1.00 pm Introduction (Dr. Neil Hunt)
- 1.10 pm Tom Black – *CEO Detica*
- 1.30 pm Margaret O'Hara – *Researcher*
- 1.50 pm Pamela Johnston – *Strathclyde Post-doctoral researchert*
- 2.10 pm Alice Nicol – *NHS Glasgow*
- 2.30 pm Coffee/Tea – Lucienne McCallum *Timstar physics 'toys'*
- 3.00 pm Dave Masson – *Head of Reservoir Engineering, Shell*
- 3.20 pm Shelley Waugh – *Medical Physicist*
- 3.40 pm Jordan Gallacher – *Coherent Laser Inc*
- 4.00 pm Close (Dr. Nigel Langford)

McCance Lecture Theatre #1 - 17th June 2009

University of
Strathclyde
Glasgow

Physics Careers Day - June 17th 2009

University of
Strathclyde
Glasgow

Where do Strathclyde Physics Graduates go?

RAF officers, operations managers, medical physicists, senior engineers, team leaders, *professors*, **company directors**, politicians, **systems engineers**, international treasury analysts, senior directors, **patent examiners**, entrepreneurs, advanced software engineers, executive vice presidents, teachers, education adviser, **spacecraft project managers**, defence scientists, (executive) vice presidents, **Oscar winner**, product managers, **venture capitalists**, chairmen, **senior risk manager**, bankers, business development managers, **pop star**, and more

3rd highest paid profession!!

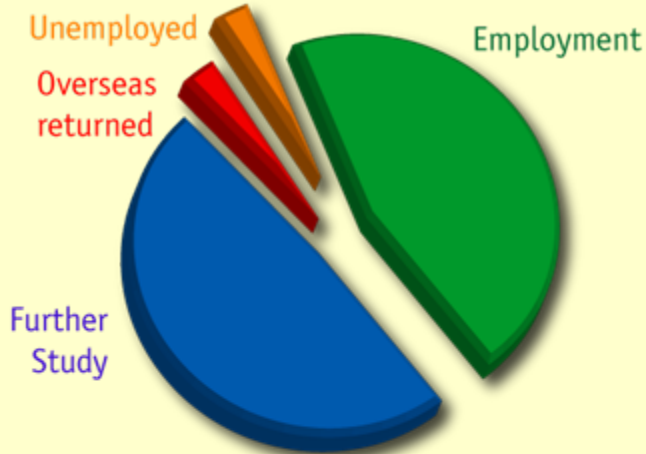

Where do Strathclyde Physics Graduates go?

Physics Careers Day - June 17th 2009

Where do Strathclyde Physics Graduates go?

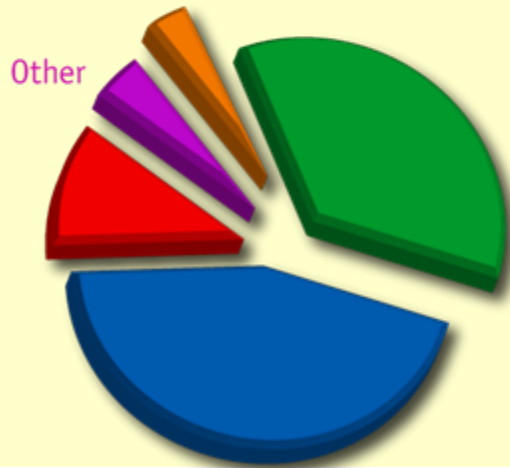

2005 - 6 months after graduation

2003 - 6 months after graduation

2004 - 6 months after graduation

2002 - 6 months after graduation

More careers...

Shelley Waugh 2004

Medical Physicist

Dave Masson 1976

**Global Head of Reservoir
Engineering – Shell**

Eddie Anderson 1986

Venture Capitalist

Marie Claire McKee 2001

Team Leader – Coherent Laser

Tom Black 1981

CEO

Denis Taylor 1975

Scottish Enterprise

Michelle Berry 1994

Product Manager

Charles McCaughey 1964

**MBE – Services to space
industry**

Some quotes from our alumni

- *“...even in a career as far removed from physics as banking in the city of London, there are still advantages in having a background of scientific logic and methodology.”*

- Ian Allan, Banking

- *“Physics is a great basis in that it’s an academically respectable topic with which to demonstrate your intellectual credentials.”*

-Tom Black, CEO

- *“My office at DAMTP [Univ. of Cambridge] was overcrowded and shabby but it was just one door away from Steven Hawking.”*

-Jim O’Donnell, Professor of Marine Sciences

- *“I worked on the telecommunications system for the Channel Tunnel Rail link.”*

- Colin Wallace, Systems Engineer

- *“I go to sea in boats and have dropped instruments from planes...”*

-Jim O’Donnell, Professor of Marine Sciences

Physics @ Strathclyde

*what do you want
to do today?*
